

5 April 2016

THE CAPACITY-BUILDING CHALLENGE WEBINAR

What role do international training providers have in supporting local training provision?

THE WEBINAR

The Training Providers Forum will be hosting a short, 1-hour webinar to present and discuss good practice around local capacity building provision. We will invite a guest speaker to present a case study on the topic then pose several discussion questions to explore how best capacity-building providers can work together to ensure sustainable capacity-building provision.

This is a preliminary webinar before our workshop in the UK on the 18th April 2016. As capacity-building is a global challenge, we really wanted to ensure the discussion is available to anyone, anywhere who may not be able to attend the workshop itself.

If you work on, or are interested in, capacity building - Please join us for this free, informal webinar which will be facilitated by Shamila Jansz – Training Manager at INTRAC. Please feel free to contact training@intrac.org if you have any questions.

LOG-IN DETAILS

The stream will go live at **09.30am UK time**, to give all participants the time to test their connection. The webinar itself will start at **10.30am UK time** and finish at **11.30am UK time**.
